Business Profile

Our company offers established OEM services to renowned cosmetic manufacturers from product planning and proposal to integrated manufacturing regarding basic skincare products and quasi-drugs including cosmetic products.

In February 2002, we acquired Thepenier Pharma Industries S.A.S. in France as a bridgehead of our global operational strategies. We aim to be the “Cosmetic Manufacturing Service Company” to operate our business worldwide with manufacturing bases in Japan and France.

Our Strengths

We offer comprehensive solutions concerning cosmetic business.

- Offers a variety of manufacturing know-how from skincare products to cosmetic products.
- Establishes the worldwide customer base consisting of trustworthy cosmetic brands.
- Operates highly-transparent business administration as the sole listed company for cosmetic OEM service in Japan.

Performance Overview (2Q)

Against a backdrop of severe market environments both domestically and overseas, we globally developed our planning-proposal business that utilize our strengths in product development and technological capability, and strove to expand sales to companies belonging to other industries, such as foreign cosmetics manufacturers and pharmaceutical companies. As a result, the business performance in the consolidated first half of fiscal year was as follows: net sales were 3,394 million yen (10.1% increase from the same period previous year), operating income was 195 million yen (183.3% increase from the same period previous year), ordinary income was 142 million yen (846.6% increase from the same period previous year), and quarterly net income was 134 million yen (the net loss in the same period previous year: 24 million yen).

Outlook

We forecast consolidated net sales of 6,707 million yen (down 1.9% year-on-year), operating income of 390 million yen (up 59.6%), ordinary income of 305 million yen (up 126.0%), and net income of 306 million yen (up 510.4%) for the year ending February 28, 2011.
